We thought you'd like to know.....

- Each driver gets one qualifying run that does not count in competition.
- Class S racing is on a double-elimination basis. I.E., a driver is not eliminated until having two losses. Classes A, B and C race on a triple-elimination basis.
- The six fastest cars in class A, B and C become "finalists" and compete in the Finals racing for 1st, 2nd and 3rd within their class. The 1st place cars in each class go on to compete for the title of "Champion of Champions."
- All decisions made by the Technical Committee are final.
- When a car is eliminated from competition, it is to be taken to the building just West of the pit area, where the DRIVERS / PIT CREWS ARE TO REMOVE AND RETURN THE WHEELS AND BRACKETS.
